

WEDDINGS AT BAaD

2024

YOUR DREAM WEDDING STARTS HERE...

First of all, the team at BAaD would like to congratulate you on your engagement! Now on to the planning...

Everyone dreams of having the perfect wedding, and our team at BAaD are committed to making that dream come true.

Set in the heart of the Barras Market, Barras Art and Design is a multi use venue with lots of hidden gems. It's internal courtyard is blessed with amazing natural light and a mezzanine that looks over it with our private bar MOoD – perfect for those reception drinks. We also have multiple outdoor areas for use on either an exclusive or shared basis.

The location of BAaD allows for many unique photo opportunities. From murals to the famous Barras Market to the glowing neon lights of the Barrowland Ballroom, it is the perfect place to capture these special moments of your big day.

About BAaD

Hiring BAaD for your special day can be done on an exclusive basis or by part space hire (depending on the number of guests). We can provide you with any advice on what suits your wedding best. In this brochure you will see a selection of packages but our team are here to provide you with a range of options that can be tailored to your specific needs to create the perfect wedding.

The Ceremony

For most ceremonies, we hold them under our grand arched courtyard. With lots of stunning natural light and surrounded by lush green plants, this is a beautiful picture-perfect place to host your ceremony.

BAaD also provides a Green Room at the rear of the venue, allowing space for any last minute make up checks or to unwind and take 5 during the busyness of your day.

Reception

After the ceremony, we invite guests up to our mezzanine space to toast to the couple. The mezzanine is complete with its own private bar in 'MOoD' – our cozy and chic upstairs bar area. From MOoD you will see the famous BAaD mural and be able to walk out to the mezzanine for views across the courtyard.

WEDDING BREAKFAST

The courtyard is turned around in no time to host your wedding breakfast – in the style you wish to have it. BAaD is all about catering to your needs, our Wedding menu has two styles to fit your wedding 3 Course or Street Food.

3 Course Meal

Our chefs work with you to create a meal that works for your tastes, our The Kitchen at BAaD is honest and wholesome with a modern flair, using seasonal ingredients and taking inspiration from the area's rich and varied communities which include everything from Scottish, Irish, Italian, Indian and Catalan.

Street Food

Many couples find a street food style menu works best for their relaxed style and tastes. Dishes from around the world are served to your guests from a festival style stall or served to the table in a sharing style.
